

Welcome to the Webpage of Superintendent William G. Caron, Ed.D.

August 2017

I hope you have all had a terrific summer and are energized for the 2018 school year. The staff and administration look forward to another exciting school year and look forward to sharing all of the success and wonderful work our students do throughout the year. Our school Mission states:

From the top of Illinois, we are preparing today's learners for tomorrow's world by empowering all to reach their full potential.

We believe our District is the heart of our community where pride, family, and tradition beat strong. This is evident in all that we do in our classrooms and through the events and activities our students participate in. It is evident through the support we receive from our families and the community. Hornet pride is awesome.

We believe in working together in a safe, healthy environment demonstrating respect, integrity, and teamwork. This is evident by the way our students and staff care for each other and the facilities where we learn everyday. Respect, integrity, and teamwork are pinnacles of success for the Hornets.

Finally, we believe in challenging innovative learners by promoting creative and critical thinkers. The work we do in our classrooms challenge our students and staff to be creative and critical thinkers by inspiring them to think outside of the box and outside of their comfort zone. By challenging all of our learners, we empower our students and staff to reach their full potential and succeed beyond the walls of Scales Mound School.

The school years come and go too quickly with events and activities becoming a memory. Let's make the memories of 2017-18 count. We encourage all of our students to get involved, be active, and be present. Make great things happen, dream big, and have a great school year.

Go Hornets!

Dr. Bill Caron
Superintendent
